The President's Corner: Getting on with our lives and working for a cause

Just when you think you have things under control, then someone "upsets the apple cart", which of course is what happened on September 11th. A day none of us shall ever forget.

However, like many other Americans, I feel this tragedy has brought us all closer together to share feelings and ideas about life. It has also made us think about many of the activities we do during the day, including our jobs, that we all take for granted. This is also the time when we need to have a "cause" to work toward.

As president Bush stated, we need to go about our business as usual, not letting terrorists control our lives. That is why we will continue to work hard at the Holland toward our "cause"... making this The Logan County Arts Center. A place where people like you

and me can gather together to share our feelings, and have our hearts and minds uplifted by entertainment, whether it be music, a guest speaker, a movie, an educational program for our children, or getting involved in the visual arts. What a

Merry TubaChristmas is Coming!

Mark your calendars on December 8th for Merry Tuba Christmas. Registration to play with the ensemble begins at 10:30 am, rehearsal is at 11:00 am, and the

performance is at 12:30, hopefully on the Logan County Courthouse lawn. Watch *The Bellefontaine Examiner* and other papers for more information.

How You Can Help Save the Holland

Restoring the Holland Theatre is no easy matter and it takes much effort in both man hours and financial contributions. And our need is ongoing.

Heating, electricity, and funds to just keep the building up and running are expensive. Administrative expenses and costs such as publishing and distributing this newsletter mount up.

Your help is always greatly appreciated.

wonderful way to help rebuild America. We need cultural activities to "get on with our lives." It is just too bad that we are not opened so we can have large audiences to fulfill those needs. But that is all the more reason to help support the Holland Theatre Project with your donations. With your continued support, we will be in operation soon.

At the present time, we are in a transition stage. Our Logan County Landmark Preservation, Inc. board has been working very hard for the past two years to get the Holland where it is today. They have cleaned out the trash, fixed numerous mechanical, electrical, and plumbing problems, raised funds to put on a new roof, copper gutters and downspouts, and have tuck pointed the brick. And it certainly looks

terrific!

We need cultural activities to "get on with our lives."

Now the L.C.L.P.I. board has decided it is time to make a transition from that board into an operating board. So, we have formed a new board called the Holland Theatre Board which had its first meeting on September 24th. Please welcome Becky Engle-Abrahamson, Bob Barnwell, William Goslee, Tammy Gump, Dean Horn, Jean Ann McLaughlin, Dick Nicholl, Chad Ross, Kris Swisher, Mark Van Horn and Doug Zimmerman. Next time you see them, let them know how much you appreciate their in-

volvement in the Holland Theatre Project.

We are "keeping the sails of the windmills in motion." There is always someone in the office Monday through Friday from 10:00 to 3:00. We are "working behind the scenes" to keep things operating by applying for various grants, foundations and working on our capital campaign. Also, we have a staff that is available for tours whenever you are would like to bring your group to see our historical theatre. With your continued donations we will be here through the winter as well. There is much work to be done and we will continue to work for our "cause" The Logan County Arts Center at the Holland!

Holland Theatre Cruise-Night Bellefontaine a big success

The second annual "Holland Theatre Cruise-Night Bellefontaine" is now history and what a great night! Even with a little shower and the threat of heavier rain, we had 311 beautiful "cruisers" parked throughout downtown and hundreds and hundreds of people looking at the cars and enjoying the entertainment.

Our goal was to raise some money, draw attention and interest in the Holland Theatre Project, and bring people to the downtown

area. We certainly succeeded.

Plans to make next

year's cruise-in, August 10th, 2002, bigger and better have already begun.
